

Leadership Training Programme

Date: 16th November 2025

Time: 9 AM onwards

Venue: Fr. Proost Hall, St. Xavier's College, Ranchi

The one-day Leadership Training Programme was organised to enhance leadership qualities, communication skills, decision-making abilities, critical thinking, and intellectual growth among the participants. The training aimed to nurture confident, committed, and responsible leaders.

The programme began with inspiring and valuable words from our State Advisor, Dr Fr. Florence Purty. He emphasised the importance of leadership by setting an example for others. A leader is someone aware of the ground realities, works hard despite the positives and negatives, and strives to do better every time. The leader must find a sincere and honest way to move forward, inspire others, possess ideas and thoughts, understand situations, and believe in originality. Following this, the first session on Leadership was conducted by our animator, Ms Jenny Toppo, which included various activities focused on self-reflection and evaluation. Through interactive exercises, self-analysis, and critical thinking tasks, she helped us understand the real essence of leadership. We should be able to understand the context, view different perspectives, analyse situations, and evaluate.

The next session was led by our animator, Mr John Pankaj Kujur, which involved a questionnaire-based discussion. This session helped clarify our doubts about AICUF's history and ideology, as well as several common aspects related to leadership.

The programme concluded with a discussion on further decisions regarding membership for the AICUF members and the official declaration of the new State Full-timer, Anil Oraon.
