

9th September 2025

NUKKAD NATAK performance for the INTERNATIONAL DAY OF CLEAN AIR FOR BLUE SKIES.

Team Abhivyakti staged **Mrityulok**, a nukkad natak on 9th September 2025, organised in collaboration with the **Green Campus Committee** under the aegis of IQAC, in observance of the International Day of Clean Air for Blue Skies, celebrated on September 7, 2025.

OBJECTIVE: to raise awareness about the root causes of air pollution and its effects through the nukkad natak (street play).

The play focused on the ignorant tendencies of humans regarding air pollution and the root causes behind air pollution being so prevalent and blindsided, including the aspects of consumerism and profit-marketing at the cost of nature and human lives.

Learning outcome: raised awareness about how air pollution is an immediate threat and its high time to call for action.
