

MICROBIOLOGISTS SOCIETY, INDIA
JHARKHAND UNIT | SESSION: 2021-23
PREPARED BY SARATSUVRA PYNE

FROM STATE PRESIDENT'S DESK

It is always a matter of great pride, responsibility and satisfaction to be at the helm of an affair and it is a matter of even more pride to be the State President of Microbiologists Society, India, Jharkhand Unit. Its overwhelming to be offered this post by the National President Dr. A.M. Deshmukh. When we picked up the challenge we were not actually sure, what next the 12 months will have in store for us but as it turned out despite many highs and lows, many ups and downs, we had many tremendous group activities, we developed a working group comprising of scientists, researchers and students and it is a matter of absolute honour to be with such people.

DR. A.K. SRIVASTAVA

ABOUT THE JHARKHAND UNIT

The Microbiologists Society, India, Jharkhand Unit was established on 5th July, 2021. For the session of 2021-22, the Jharkhand Unit established five Microclubs under the umbrella of Microbiologists Society, India. The five Microclubs were set up in St. Xavier's College, Ranchi. Students from different colleges of Jharkhand joined the Microclubs of St. Xavier's College, Ranchi.

The Unit had conducted many Seminars and Competitions at National and International Levels.

Jharkhand Unit has it's own Youtube Channel and Instagram Page of Microbiologists Society, India.
