The programme provided participants with valuable learning opportunities and practical insights to strengthen leadership skills and enhance the effectiveness of Rotaract clubs.

MEDIA COVERAGE:

Rotaractor of the Month :Rtr. Akshat Malhotra as super active in all the events and worked both at the front end as well as back end.

Project of the Month : Installation, अन्न सेवा and MENSTRUPEDIA.

Review Message for the DRR, DRS & District Team : It has been a wonderful experience working with DRR Rtr. Sadashiv Khatri and DRS Rtr. Chanda Sahani. Their dedication, guidance, and efforts towards strengthening the district have been truly appreciable. They have always encouraged clubs to participate and contribute, and their support has made the journey more engaging for us.

One thing I would especially like to see going forward is greater connection between district leadership and club members. While club leadership is actively involved with the district, creating more opportunities for individual club members to interact with the district would make the experience even more meaningful.

I would love to see more district-level interactive activities, competitions, informal meet-ups, skill-building sessions, and collaborative projects where members from different clubs can come together, interact, build friendships, and feel more connected to the district beyond their respective clubs.

Overall, I truly appreciate the efforts of DRR Sadashiv Khatri and DRS Chanda Sahani, and I'm looking forward to an even more inclusive, interactive, and united district journey ahead.

Innovation of the Month –

Reached mass no of youth and starting tech classes of the backward Category students.
