MEDIA COVERAGE:

Rotaractor of the Month :Rtr. Siddhant Rajgaria

Project of the Month : VARSHA – Umbrella, Raincoats and Raincards Donation Drive.

Review Message for the DRR, DRS & District Team : The District Project VARSHA was truly meaningful and impactful. During the monsoon season, many underprivileged individuals struggle without proper protection from the rain. Through this initiative, essential items such as umbrellas and raincoats reached those in need, bringing comfort, support, and relief during challenging weather conditions.

The upcoming Menstrupedia initiative also appears to be a thoughtful and important project. It has the potential to create awareness and promote menstrual health education among the community, and we look forward to its successful implementation.

The Installation Ceremony was well-organized, and we thoroughly enjoyed being a part of it. The district team has also been commendable in conducting meetings regularly and maintaining consistent communication with the clubs, which helps keep everyone informed and engaged.

One suggestion I would like to offer is regarding the district reports. Including more photographs preferably three or more instead of two would provide better visual coverage of the activities and make the reports more engaging and comprehensive.

Innovation of the Month –

To create a greater and more lasting impact, projects such as **Project Chuwan**, **Project Bezubaan**, and **Project Vayumandal** were merged under a single umbrella initiative, **Project HOPE**. This streamlined our efforts, improved resource utilization, and enabled us to undertake more impactful and sustainable service activities.

☒ I declare that all the information provided by me is true. I have not tried to provide any wrong information anywhere. I and my club are open to any disciplinary action if the information provided by me is found to be incorrect or inconsistent during verification.
