St. Xavier's College, Ranchi

TechKriti – Official Launch of XTS

Date:

1st October 2024

Venue:

Fr. C. De Brouwer Memorial Auditorium,
St. Xavier's College, Ranchi

No. of Participants:

Approximately 200+ students and faculty members

Introduction:

On 1st October 2024, Xavier's TechByte Society (XTS) was officially launched with its flagship event *Techkriti*. Held at the Fr. C. De Brouwer Memorial Auditorium, the event marked the inception of St. Xavier's College's first dedicated tech-oriented student society.

Objectives:

- To inaugurate the Xavier's TechByte Society (XTS)
 - To introduce the society's vision, structure, and future roadmap
 - To showcase student-led tech projects and innovations
 - To inspire collaboration and active participation from students across departments
-

Outcome:

Techkriti witnessed vibrant participation from students and faculty alike. The launch included insightful speeches, engaging tech demos, and a clear call to action for student involvement. The event successfully laid the foundation for an active and collaborative tech community on campus, reinforcing XTS's mission to foster innovation and digital advancement.

DevFest-Partner

Date:

19th October 2024

Venue:

Jharkhand University of Technology (JUT), Ranchi

No. of Participants:

Over 300 attendees (including XTS members)

Introduction:

On 19th October 2024, Xavier's TechByte Society (XTS) participated as a community partner in *DevFest 2024*, hosted at Jharkhand University of Technology (JUT), Ranchi. The event served as a convergence of developers, students, and tech professionals for an inspiring day of innovation and collaboration.

Objectives:

- To support and contribute to a regional tech event as a community partner
 - To facilitate student engagement and professional networking
 - To provide XTS members with exposure to real-world tech trends and discussions
 - To promote active involvement in the broader tech ecosystem
-

Outcome:

Through its role as a community partner, XTS significantly contributed to outreach and coordination efforts. The event offered members an opportunity to engage with industry professionals, attend technical sessions, and explore trends in software development, AI, cloud, and more. This collaboration enhanced the visibility of XTS and reinforced its commitment to real-world tech engagement.
