Rev. Fr. Dr. Sudhir Kumar Minj S.J.  
Rector, St. Xavier's College, Ranchi

It is my joy and privilege to address and extend a blessing to the entire St. Xavier's College, its faculty members, non-teaching staff, and the students on the occasion of the Annual Day 2025.

This Annual Day celebrates not merely the untiring efforts of this institution in different areas learning ranging from teaching and research to various activities for enhancement in learning and equipping the students with skills through information, seminars and lectures, drama, exhibition, performing arts, games and sports, dance and music, study tours and visits to archaeological sites, engaging in social activities and awareness building, etc., it reiterates its commitment to Jesuit values of excellence, integrity, and service. Resurrecting the College fest, Xavier Utsav, has offered another platform for students to express and present their creative ideas, imaginations, and skills, working together.

This premier Institution of higher education, since its humble beginnings in 1944 with intermediate studies, has made significant strides towards expanding its departments, offering various options to students for their subject choices. It has also overcome some longstanding hurdles, although there are still other challenges for improvement and efficient management.

The College remains committed to its inspirational goal of magis, seeking to bring greater excellence to its endeavours for the betterment of students and towards building a just and responsible society in which they become the agents of change.

The members of the faculty and the supporting staff of the College deserve much appreciation for their commitment to taking this Institution academically to greater heights through their constant efforts. Their collaboration in implementing NEP and the smooth running of the academic activities and other co-curricular activities is commendable. This institution stands not only for studying and getting a degree but also for moulding one's future as a leader and a responsible person, as one frequently mingles and interacts with one another, plans and works together as a team. Above all, it is a campus for building character and growing in a civic sense towards others.

Finally, taking the ideal of the College, Lucens et Ardens ("Spreading Light and Shining Bright"), I wish and pray that the Faculty and Staff, and the students, take its significance seriously, and have great passion, zeal, and ardent desire for learning true knowledge and wisdom, and disseminate it in serving others.
