Blood Donation Seminar & Camp

Date: 19th-20th March 2024

Venue: Fr. C De Brouwer Auditorium, St. Xavier's College, Ranchi

A Voluntary Blood Donation Seminar and subsequent Blood Donation Camp were organized by the Empyrean Club in collaboration with St. Xavier's College, Ranchi, on the 19th and 20th of March, 2024 respectively. The events were held at the Fr. C De Brouwer Auditorium and aimed to promote awareness about the importance of blood donation and encourage active participation in this life-saving initiative.

The Voluntary Blood Donation Seminar kicked off at 12:30 pm with a warm welcome from our honorable principal, Dr. Fr. Nobor Lakra. His

inspiring words set the stage for an enlightening session focused on community service and healthcare. The audience, which included a full house of students, faculty members, and community participants, eagerly awaited the proceedings.

A key highlight of the seminar was the guest speaker, Mr. Atul Gera, Founder of the Thalassemia Foundation. Mr. Gera's dynamic and energetic presentation captivated the audience, educating them about the critical need for voluntary blood donation, particularly for patients with thalassemia and other blood disorders. His flamboyance and passion left a lasting impression on all attendees, motivating them to contribute to this humanitarian cause.

The Emyrean Club played a pivotal role in organizing and volunteering for the seminar, showcasing their commitment to social responsibility. Their efforts, coupled with the enthusiastic participation of college faculty members, ensured the success of the event.

Special thanks were extended to Fr. Sanjay for his invaluable support and guidance, which contributed significantly to the flawless execution of the seminar.

Following the seminar, a Blood Donation Camp was organized in collaboration with the medical staff members of Sadar Hospital, Ranchi, on the 20th of March, 2024. This camp provided students with an opportunity to actively participate in the cause of blood donation. Mr. Atul

Gera, the visionary behind this initiative, facilitated the camp, underscoring the importance of continuous engagement in such humanitarian efforts. Students voluntarily donated blood at the camp, demonstrating their commitment to giving back to society and supporting individuals in need of blood transfusions.

The successful culmination of these events was marked by a certificate distribution ceremony, where volunteers received recognition for their contributions from Principal Fr. Nobor Lakra. This gesture not only acknowledged their efforts but also encouraged continued involvement in future initiatives.

In conclusion, the Voluntary Blood Donation Seminar and subsequent Blood Donation Camp were significant milestones in promoting awareness and engagement in voluntary blood donation. These events exemplified the spirit of compassion and community service championed by St. Xavier's College and the Emyrean Club. Moving forward, the organizers reaffirmed their commitment to organizing more seminars and camps to serve as aids to society, ensuring a brighter and healthier future for all. Such endeavors underscored the transformative impact of collective action in addressing critical healthcare challenges and fostering a culture of altruism and empathy.
